RRP AUS \$2,149.00 AUS \$2,149.00

## Product Details

### FEATURES

---

Class leading capacity

Easy-clean oven and surfaces

Easy clean formed shelf supports

Handy separate grilling compartment

2 Hour mechanical timer

Cast iron trivet

Electronic ignition

Safety flame failure feature

---

### BENEFITS

---

Class-leading capacity

Westinghouse freestanding cookers have the largest cavity in their class, with a 80L gross oven capacity. Plus, the separate grilling compartment on selected models means you can entertain guests and cook big family meals with absolute ease and without compromising on precious oven space.

Easy-clean oven

Enjoy easy cleaning with one seamless fully sealed oven cavity. With no awkward joints, nooks or crannies to trap grease, a simple wipe is all you need to keep your oven clean.

Easy clean formed shelf supports

Formed runners on the inside of your oven (instead of racks) means easier cleaning.

Handy separate grilling compartment

Cook for the whole family. Grill and bake at the same time while keeping different cooking flavours and smells apart.

2 Hour mechanical timer

Simple to operate, the two hour mechanical timer gives you flexibility when cooking and rings when the selected program time lapses.

Cast iron trivets

The Westinghouse cast iron trivets have been designed for greater pots and pan stability as well as having greater pot movement and ease of usage across all burners.

Electronic ignition

Westinghouse gas cooktops use advanced technology such as electronic ignition to suit a hardworking, productive kitchen.

Flame failure safety device

Created with your safety in mind, the flame failure safety device will immediately shut off the gas supply if either the cooktop, oven or grill flame is unexpectedly extinguished. So you can always cook without worry.

---

#### Built in Australia

Westinghouse, has been the heart of the home for generations and the kitchen appliance brand we have always known and trusted to build reliable products. This oven is built in a local factory in Adelaide.
